

PCA Louisiana partners with LSU PRSSA, PRestige

Prevent Child Abuse Louisiana (PCA Louisiana) has teamed up with Louisiana State University this fall and 22 students from the Manship School of Mass Communication, PRSSA chapter, are working on a project that will equip PCA Louisiana with new promotional material, such as program flyers, packaging, etc. PRestige, LSU PRSSA's own student-run public relations firm, is gaining real experience while benefiting PCA Louisiana and accomplishing a worth-while objective for a good cause. The project is expected to be finished by the end of the fall semester and published in the spring. The students who will be working on this project include:
